What is Hate Crime?

A Hate Crime or Incident is any behaviour that someone thinks was caused by hostility, prejudice or hatred of:

- Disability (including physical impairments, Mental Health problems, learning disabilities, hearing and visual impairments)
- Gender Identity (people who are transgender, transsexual or transvestite)
- Race, skin colour, nationality, ethnicity or heritage
- Religion, faith or belief (including people without a religious belief)
- Sexual Orientation (people who are lesbian, gay, bisexual or heterosexual etc)

It can include:

- name calling or verbal abuse
- graffiti or writing (e.g. notes, emails, SMS)
- damage to property
- physical attacks or violence, including sexual violence
- threats or intimidation
- bullying or harassment
- setting fire to things (arson)
- murder

Why should you report Hate Crimes and Incidents?

If you tell us what is happening, different agencies (such as the Police, Local Authority, charities and housing providers) can take action against the perpetrator, and support victims and witnesses.

Agencies may be able to:

- investigate and collect evidence
- provide home security for victims
- remove offensive graffiti quickly
- give victims and witnesses advice, information and support during the whole Criminal Justice process
- take photographs of evidence
- enforce the tenancy of perpetrators
- provide CCTV to collect evidence

When you report Hate Crimes and Incidents, you are making a bigger difference than you may think.

It helps you get support. It helps us make your local area safer.

Most Hate Crimes are not reported. Your reports help us to understand how Hate Crime affects your community, and then tackle the problem.

If you experience or see a Hate Crime, we want to help

If you don't want to call the Police, or if you want extra support, you can call the Stop Hate Line. You can also report a hate crime by text to: 07717 989 025 or by web

chat at www.stophateuk.org/talk. You can tell us 24-hours a day what has happened. We will listen and take down the details. The helpline is confidential and independent. The list of regions we cover is on our website.

STOP HATE CRIME
0800 138 1625
24 HOUR HELP LINE®

Police - Tell them you are reporting a Hate Crime
Emergency - 999

Non-Emergency - see local phone book

What should I do if I experience or see a Hate Crime?

Anyone can be a victim of Hate Crime if they are targeted because of who they are, who their friends or family are or who the perpetrator thinks they are.

If you experience a Hate Crime, or know someone who has:

- Make sure that you and other people are safe.
- Report what has happened, either to the Police or the Stop Hate Line. Tell them it is a Hate Crime.
- Don't clear away the evidence. Take photographs if you can.
- Keep details of who you speak to, such as the Police Officer.
- Keep any log or crime reference numbers the Police give you.
- Get help from your housing provider if appropriate.
- Get help from a local organisation - you can get this by calling the Stop Hate Line on 0800 138 1625.

What will happen if I call the Stop Hate Line?

I want more help

- If you are in a Stop Hate Line area, we will pass on your details to agencies in your local area who can help. You can call us again if the agency is closed or you need more support.

I don't want to tell you my name.

- You don't have to. We can pass on details of what has happened anonymously, without telling anyone who it happened to.
- No-one will contact you, unless you want them to.

I want to speak in a different language.

- Tell us in English your name, phone number, and the language you speak. We will call you back with an interpreter.
- This will usually be within 72 hours, but could take up to 5 days.
- The Police have interpreters 24 hours a day.

For information in other languages or formats, please contact Stop Hate UK. To find out if the Stop Hate Line covers your area, please check our website.
